Thank you to all the volunteers, parents and community members, who contribute their time, expertise, ideas and generous donations to the Parents' Association. We couldn't achieve all that we do for the children of St Laurence's NS without your ongoing support. To continue with more amazing events in the new school year, please consider joining the association as a volunteer or as a Council member, as some officials will step down in October '25. Keep an eye out for our next AGM and a happy summer to all.
